Section 1.4: Pre-Bid Conference / Site Visits

Not applicable to this solicitation

Note: Prior to award of contract(s), vendor(s) will participate in a pre-award meeting with details of the participating entities, sites and contact personnel that will be required for the successful vendor(s) to accomplish.

Section 1.5: Term of Contract – Twelve (12) Months

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter distributed by the County's Office of Procurement Services; and contingent upon the completion and submittal of all required pre-award documents. The initial contract term shall remain in effect for twelve (12) months, and then the contract will remain in effect until completion of the expressed and/or implied warranty period. The contract prices (if any) resultant from this solicitation shall prevail for the full duration of the initial contract term unless otherwise indicated elsewhere in this document.

Section 1.6: Option to Renew for Four (4) Additional One (1) Year Period(s) (With Price Adjustment)

Prior to, or upon completion, of the initial term of this contract, the County shall have the option to renew this contract for four (4) additional one (1) year period(s). Prior to completion of each exercised contract term, the County may consider an adjustment to price based on changes in the following pricing index: U.S. Department of Labor, Bureau of Labor Statistics (<http://www.bls.gov>), appropriate indexes. **It is the vendor's responsibility to request in writing any pricing adjustment under this provision.** The vendor's written request for adjustment should be submitted thirty (30) calendar days prior to expiration of the then current contract term. The vendor adjustment request must clearly substantiate the requested increase. The written request for adjustment should not be in excess of the relevant pricing index change. If no adjustment request is received from the vendor, the County will assume that the vendor has agreed that the optional term may be exercised without pricing adjustment. Any adjustment request received after the commencement of a new option period shall not be considered.

The County reserves the right to reject any written price adjustments submitted by the vendor and/or to not exercise any otherwise available option period based on such price adjustments. Continuation of the contract beyond the initial period, and any option subsequently exercised, is a County prerogative, and not a right of the vendor. This prerogative will be exercised only when such continuation is clearly in the best interest of the County.

Section 1.6.1: Price Redetermination - Fuel

If the below-identified price index for fuel (gas and/or diesel as applicable to the vendor's operation) increases by ten percent (10%) or more from the price index in effect on the beginning date of any contract resulting from this solicitation, the vendor may petition the Procurement Services Director in writing for an appropriate increase in the contract price(s). Any increase in the contract price(s) will be applied considering the relation of fuel cost to the contractor's total cost for the contracted product or service.

Any price re-determination will be solely based upon the percentage change between the base index and the current month index as documented by the:

State of Florida Department of Management Services

http://dms.myflorida.com/business_operations/state_purchasing/vendor_information/state_contracts_agreements_and_price_lists/state_term_contracts/gasoline_and_fuel_oil/price_sheets_daily_price/price_sheets_current_pricing for unleaded gas, Florida PAD 1, Orlando

The base index will be the index number for the month prior to the bid due date stated in the solicitation. The current month index will be the last month's index published before the request for a price re-determination is made.

The vendor shall provide (in writing) a cost analysis as described below for each contract price for which the vendor is requesting adjustment. This analysis must include the percentage increase calculation between the base and current month indices; a clear and detailed representation of the fuel cost component of any contract price for which an adjustment is

requested; and a calculation showing the original contract price, the requested adjustment, and the proposed revised price. As an example: if the fuel index increases by twelve percent (12%) and the fuel cost accounts for ten percent (10%) of the cost of the product or service, then the contract price may be increased by 1.2 % ($0.12 / 0.10$). The vendor may submit additional clarifying or justifying information for the County's consideration. Failure to provide sufficient detail in the manner described above shall result in rejection of the vendor's request for pricing adjustment.

If the Procurement Services Director grants any increase in any contract price based upon this clause, the increased price(s) may be adjusted downward on a unilateral basis by the County if the fuel index (es) used to support any previous increase then decrease by ten percent (10%) or more. Any such decrease will be based on the calculations submitted by the vendor pertaining to any previous price increase.

This clause may be used in addition to any other price redetermination clause in this invitation/contract.

All invoices shall contain the contract and/or purchase order number, date and location of delivery or service, and confirmation of acceptance of the goods or services by the appropriate County or P.O.O.L. representative.
